

19.54.060 Building height.

A. Except as otherwise specifically provided in this title, no building or structure shall exceed the following heights:

1. Thirty feet on property where the original slope exceeds fifteen percent or the property is located in the foothills and canyons overlay zone. For purposes of this section, the slope shall be determined using a line drawn from the highest point of elevation to the lowest point of elevation on the perimeter of a box which encircles the foundation line of the building or structure. The box shall extend for a distance of fifteen feet or to the property line, whichever is less, around the foundation line of the building or structure. The elevation shall be determined using a certified topographic survey with a maximum contour interval of two feet.
2. Thirty-five feet on all other properties.
3. No dwelling structure shall contain less than one story.

B. Accessory Buildings.

1. No building which is accessory to a single-family dwelling shall exceed twenty feet in height. For each foot of height over fourteen feet, accessory buildings shall be set back from property lines an additional foot to allow a maximum height of twenty feet. (Ord. 1509 § 10, 2003; Ord. 1417 § 6 (part), 1998)
